

# **Sarasota All Stars**

## **Team Placement Policy**

At Sarasota All Stars, team placement is based on creating the strongest, safest, and most successful teams possible. Our goal is to place each athlete in a position where they can grow, contribute, and thrive.

All team placements are determined at the sole discretion of Sarasota All Stars coaches and program leadership.

### ***Evaluation & Placement Process***

Athletes are evaluated based on skill level, technique, performance, work ethic, attitude, attendance, and team needs. Placement is based on overall contribution, not a single skill.

### ***Team Placement***

Athletes are placed where they best fit individually and within a team. Placement is not guaranteed based on age, experience, or level.

### ***Positions & Roles***

Positions are assigned at the discretion of coaches and may change at any time based on performance, attendance, and team needs.

### ***Team Changes***

Sarasota All Stars reserves the right to move athletes between teams at any time due to skill progression, attendance, attitude, or injury.

### ***Injuries & Skill Progression***

Safety is the top priority. Skill progression does not guarantee team or position changes.

### ***Parent & Athlete Expectations***

All placement decisions are final. Parents and athletes must respect coaching decisions. Negative discussions will not be tolerated.

### ***Communication Policy***

Questions must be directed respectfully and not during practices or competitions.
